19 Pecatonica 61.3 miles 1745' Rolling Hills

This is a metric century distance ride that dips down into Illinois (you can tell by the regional accents of the cows). The route goes due south into Rockton. Exiting Rockton on IL 75 is probably a single file ride until you turn south on Rockton Rd. There is an ice cream shop/restaurant in Pecatonica (Third Street Station) that is in just the right location. Plumbing facilities (forest preserve outhouses) are located just as you cross the Pecatonica River heading north on Pecatonica Rd. Watch for the turn onto Blair Rd (the very first left after the bridge). This road bends to the right to become Best Rd – there is a deceptively steep climb that will reward timely shifting. There is another forest preserve on your right…and another off Brick School Rd. The ride back north is intended to scoop up a few more climbs.
